Your confirmation No. 5292

Dear Sir/Madam,

I was led to believe that it would have been sufficient for me to mail you a copy of an Italian applied Patent Application, together with the translation of the same documents, with the addition of a \$500 check, and my patent would have been registered in the USA as well. You have instead presented me new and far more costly requirements, which I don't plan to abide.

I was naieve and wrong, therefore please accept my apology, and either send back to me all the documentation I have mailed your office, or you have my permission to destroy it all, and please confirm to me that you have done so.

Sincerely yours,
Giovannino Enas
